Instructions for completing the Grain Warehouse Keeper License Application

"Grain warehouse" means a facility in this state that is used to receive, store, or condition grain for others or that is used in the shipment of grain for others, except that "grain warehouse" does not include a transport vehicle.

If you store less than 50,000 bushels of grain for depositors at all locations for the entire license year, you do not need a license. However, if you want to be licensed, complete the entire form, sign and send required fees.

Page 1. In the "legal name" box, if a sole proprietorship, put the individual's name; if a partnership, corporation, cooperative or other, put company's full legal name. "Trade name" -- complete this only if you are using a d/b/a different from the legal name. Mailing address is where you want all correspondence to be sent.

Please enter type of business operation (corporation, etc.).

Please enter the name, telephone number, fax number, and email address of the person we should contact at the mailing address.

Enter corporation or cooperative officers, partners, trustees or managers/members of an LLC (include titles).

Page 2. Please complete a line for each grain storage location where you operate, or propose to operate one or more grain warehouses during the license year. A location includes all grain warehouses at one address. You must also complete a worksheet (form TR-GR-2) for each location, if not previously provided. This worksheet must show the dimensions and bushel capacity for each grain storage bin or building. The capacity of a grain storage bin or building is to be determined according to the instructions on form TR-GR-2. Include a diagram of the grain storage bins and buildings at each location, unless previously provided.

Page 3. Please list applicant's fiscal year end date.

There is a non-refundable basic \$25.00, plus \$25.00 for each grain warehouse location.

The amount of the inspection fee is based on a calculation obtained by multiplying the combined grain warehouse capacity reported under s. 126.26(2)(e), Stats., by 0.25 cent per bushel, rounding the product to the nearest \$1,000, except that the inspection fee may not be less than \$1,000 or more than \$10,000. See examples on page 3.

In addition to the inspection fee specified, there is a supplemental inspection fee of \$275 for each grain storage location other than your primary location.

There is a license surcharge of \$500 for operating without a license. Other fees and surcharges may also be applied for activities during unlicensed periods. (see s. 126.26(3)(d), Wis. Stats.), if applicable.

Enter the total fees (add lines 2-6).

The application must be signed by an officer of the applicant or the applicant, who certifies the accuracy of the information. A sole proprietor would sign himself or herself. An "officer" would include a partner in a partnership, a trustee in a trust or a manager-member in an LLC. The signature must be authenticated by a Notary Public who has taken the verification of the statement upon oath or affirmation. Also enter the title of the person who has signed the application, and enter the date signed.

ENCLOSE THE APPROPRIATE FEES/SURCHARGES (check or money order, payable to DATCP). Send application, documents and fees/ surcharges to:
